ABOUT RASN

Regional Arts Services Key Deliverables (North Queensland)

The Supplier will deliver a suite of services across the service delivery area including, but not limited to:

- ▶ facilitate and deliver community arts and cultural development programs that enhance local and visitor engagement with Queensland's arts and cultural offering
- ▶ build sector capacity and foster a strong community of arts, including partnerships with community, industry, government and the private sector
- ▶ increase Queensland's application and success rates in securing arts funding across all levels of government and the private sector
- ▶ facilitate new employment and training opportunities in regional and remote Queensland
- ▶ increase opportunities for Aboriginal and Torres Strait Islander artists and communities and support communities that are disadvantaged in terms of access to arts.
